FIRST SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

BOX IDS  
Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir/Madam:

To comply with 37 CFR 1.97 and 1.98, a copy of Form HDP-1449 (based on Form PTO-1449) is attached. Applicants have enclosed a copy of Reference Nos. 80 and 82. Applicants, however, have not enclosed copies of the following references:

1. Reference No. 78, which is the grandparent to the above-referenced patent application. Reference No. 78 was examined and allowed by Examiner Taofig Solola.
2. Reference No. 79, which is the parent to the above-referenced patent application. Reference No. 79 was examined and allowed by Examiner Solola.
3. Reference No. 81, which is offspring from Reference Nos. 78 and 80. Reference No. 81 is being examined by Examiner Solola.

Applicants will provide copies of these references upon request by the Examiner.

In accordance with MPEP 609 and 707.05(b), Applicants respectfully request that each document listed be given thorough consideration, and that the Examiner cite each document of record in the prosecution history of the present application by initialing Form HDP-1449 next to each document. Applicants request such initialing even if the Examiner does not consider: (1) a listed document to be sufficiently pertinent to use in a rejection; (2) a document to be prior art for

any reason; or (3) that the guidelines for citation have been fully complied with respecting a particular document. Applicants make this request so that each document becomes cited on the face of a patent issuing on the present application.

Applicants submit this Information Disclosure Statement in compliance with the duty to disclose information material to patentability under 37 CFR 1.56, but by listing such documents Applicants are not admitting that such documents are necessarily relevant or prior art. Applicants intend no representation that the listed documents represent the results of a complete search. Applicants anticipate that the Examiner, in the normal course of examination, will make an independent search consistent with 37 CFR 1.104(a) and 1.106(b) and, in the course of such search, will review for relevance every document listed on the attached Form even if not initialed.

Applicants make no representation as to the accuracy of any translation.

Applicants believe that there are no fees due in connection with the filing of this Information Disclosure Statement. If, however, there is ever a deficiency in connection with this patent application, please charge any fees to our Deposit Account No. 08-0750.

Applicants solicit early and favorable consideration.
